Installation Instructions for Model 2040 Console Safe

The Lock'er Down Model 2040 fits the 2014 1500 Series Sierra and Silverado. **And 2015 1500, 2500 & 3500**

- It is a good idea to set the combination before you install the safe, and do it with the door open.
- Clear the contents out of the compartment.
- Pop out the plastic pocket that sets between the 12 volt power port and the multi-media ports.
- Remove the rubber pad in the bottom of the console.
- Remove the two silver colored bolts in the bottom of the console.
- Remove the plastic file folder rails on each side of the console, this is done buy sliding them forward while pulling out on the center of the rail to release a detent.
- Remove the small light to the right of the latch.
- Place the safe in the console and attach to the console mounting plate where you just removed the two bolts using the included bolts.
- Replace the file folder rails and the light.
- Enjoy your purchase.
