

# LOCK'ER<sup>®</sup> DOWN

## Security Products

### Instructions for Model 3028 & 3029 Dodge Ram Floor Safe.

1. Start by removing the bolts holding the plastic lid and frame. This requires a #30 Torx.
2. Remove the fiberglass bin with the other 2 bolts.
3. Set the neoprene gasket over the opening where the bolt holes show through.
4. Mount the frame to the floor with the six bolts you removed as shown in fig1.
5. Place the safe (fig 2) In the opening and attach firmly with the included bolts and washers.
